NOTES

1. Nothing in this list is to be taken as conveying any sanction or authority, or may be held to supersede any standing rule or any order of the Government of India with which it may be at variance.

2. Although every endeavour has been made to indicate the relative seniority of Officers, there are cases in which questions of seniority are still under consideration. The position of an Officer in this List does not, therefore, necessarily show the seniority which may finally be accepted.

3. An Officer's name in roman type, without the addition of any symbol, indicates his substantive appointment. If, however, his name is preceded by an asterisk,* it indicates that the officer holds the appointment in a tenure capacity, while his name **in bold type** indicates that he holds a suspended lien on a post in the cadre in question.

4. Officers officiating in administrative appointments and subordinates officiating in gazetted posts are shown in italics under the higher grade, in the order in which they have been so officiating *without a break*. This does not affect their relative seniority in their substantive grade.

5. The date of appointment to Class in the case of officers other than those holding administrative posts, is the date of permanent or provisional confirmation in the Senior Scale, or permanent confirmation in the Junior Scale, as the case may be, *i.e.*, time in the Junior Scale spent "on probation" is not included. Where two dates are given, the upper date refers to permanent and the lower date to provisional confirmation.

6. The date of appointment to Service, is with regard to :—

(*a*) Officers who were appointed by the Secretary of State and are pensionable, the date from which they count service for pension ; officers recruited in England by the GIPR as, the date of soiling for India, other officers, the date of landing in India.

(c) Officers who were appointed in India ; the date of joining the service whether as Apprentices or Probationers.

(*d*) Officers who have been promoted from Lower Services, the date of appointment to such services.

7. For Officers who have been promoted from Lower Services, or otherwise brought on to the cadre at other than the minimum pay, the date for increment on the time scale is based on their initial pay, *i.e.*, officiating service prior to promotion to the superior service is not taken into account.

8. The numbers in brackets after the heading of each category indicate the number of sanctioned posts, irrespective of whether some of them are temporarily held in abeyance.

9. The following symbols are used in connection with Sterling Overseas Pay :—

‡ Sterling Overseas pay £ 13 6 8

§ Sterling Overseas Pay £ 30 0 0 or Rupee equivalent.

‖ Sterling Overseas Pay £ 25 0 0 or Rupee equivalent.

¶ Overseas Pay Rs. 150 or £. 15 in lieu, from first year of service.

10. It is requested that all errors or omissions may be reported by letter to the Secretary, Railway Board, New Delhi/Simla.

NOTES

1. Nothing in this list is to be taken as conveying any sanction or authority, or may be held to supersede any standing rule or any order of the Government of India with which it may be at variance.

2. Although every endeavour has been made to indicate the relative seniority of Officers, there are cases in which questions of seniority are still under consideration. The position of an Officer in this List does not, therefore, necessarily show the seniority which may finally be accepted.

3. An Officer's name in roman type, without the addition of any symbol, indicates his substantive appointment. If, however, his name is preceded by an asterisk,* it indicates that the officer holds the appointment in a tenure capacity, while his name **in bold type** indicates that he holds a suspended lien on a post in the cadre in question.

4. Officers officiating in administrative appointments and subordinates officiating in gazetted posts are shown in italics under the higher grade, in the order in which they have been so officiating *without a break*. This does not affect their relative seniority in their substantive grade.

5. The *date of appointment to Class* in the case of officers other than those holding administrative posts, is the date of permanent or provisional confirmation in the Senior Scale, or permanent confirmation in the Junior Scale, as the case may be, *i.e.*, time in the Junior Scale spent "on probation" is not included. Where two dates are given, the upper date refers to permanent and the lower date to provisional confirmation.

6. The *date of appointment to Service* is with regard to :—

(*a*) Officers who were appointed by the Secretary of State and are pensionable, the date from which they count service for pension, non-pensionable officers, the date of landing in India. (Officers recruited in England by the GIPR, the date of sailing for India.)

(b) Officers who were appointed in India, the date of joining the service whether as Apprentices or Probationers.

(c) Officers who have been promoted from Lower Services, the date of appointment to the senior service.

7. The *date for increment on time scale* is either the actual date from which an officer has commenced earning increments or the date which has been fixed for counting seniority when this differs from the former.

8. Where the confirmation of an officer is against a vacancy on a railway other than that on which he is working, the latter is shown in brackets in the 'Remarks' column.

9. The numbers in brackets after the heading of each category indicate the number of sanctioned posts, irrespective of whether some of them are temporarily held in abeyance.

10. The following symbols are used in connection with Sterling Overseas Pay :—

‡ Sterling Overseas pay £ 13 6 8

§ Sterling Overseas Pay £ 30 0 0 or Rupee equivalent.

‖ Sterling Overseas Pay £ 25 0 0 or Rupee equivalent.

¶ Overseas Pay Rs. 150 or £. 15 in lieu, from first year of service.

11. It is requested that all errors or omissions may be reported by letter to the Secretary, Railway Board, New Delhi/Simla.

NOTES

1. Nothing in this list is to be taken as conveying any sanction or authority, or may be held to supersede any standing rule or any order of the Government of India with which it may be at variance.

2. Although every endeavour has been made to indicate the relative seniority of Officers, there are cases in which questions of seniority are still under consideration. The position of an Officer in this List does not, therefore, necessarily show the seniority which may finally be accepted.

3. An Officer's name in roman type, without the addition of any symbol, indicates his substantive appointment. If, however, his name is preceded by an asterisk,* it indicates that the Officer holds the appointment in a tenure capacity. Names **in bold type** indicate that the Officer holds a suspended lien on a post in the cadre in question.

4. Officers officiating in administrative appointments and subordinates officiating in gazetted posts are shown in italics under the higher grade, in the order in which they have been so officiating *without a break*. This does not affect their relative seniority in their substantive grade, where the former are shown in roman type.

5. The *date of appointment to Class* in the case of Officers other than those holding administrative posts, is the date of permanent or provisional confirmation in the Senior Scale, or permanent confirmation in the Junior Scale, as the case may be, *i.e.*, time in the Junior Scale spent "on probation" is not included. Where two dates are given, the upper date refers to permanent and the lower date to provisional confirmation.

6. The *date of appointment to Service* is, with regard to :—

(a) Officers who were appointed by the Secretary of State and are pensionable, the date from which they count service for pension: non-pensionable Officers, the date of landing in India.

(b) Officers who were appointed in India, the date of joining the service whether as Apprentices or Probationers.

(c) Officers who have been promoted permanently from Lower Services, the date of appointment to the senior service.

(d) Officers originally recruited by the GIPR Company, the date of sailing for India.

(e) Subordinates holding honorary rank and those officiating in the L. G. S., the date of appointment as subordinates.

7. The *date for increment on the time scale* is, with regard to.—

(a) Officers appointed direct to Superior Services, the date on which they actually commenced earning increment, except officers of the Railway Service of Engineers appointed in India after 1924, for whom the date is based on their initial pay on confirmation.

(b) Officers promoted from Lower Services or temporary posts, a date based on their initial pay on promotion, or that fixed for counting seniority when this differs from the former.

8. Where the confirmation of an Officer is against a vacancy on a railway other than that on which he is working, the former is shown in brackets in the 'Remarks' column.

9. The numbers in brackets after the heading of each category indicate the number of sanctioned posts, irrespective of whether some of them are temporarily held in abeyance.

10. The following symbols are used in connection with Sterling Overseas Pay :—

‡ Sterling Overseas Pay £ 13 6 8
§ Sterling Overseas Pay £ 30 0 0 or Rupee equivalent.
